## NEWS FROM CABIN 1

Monday, we lost our junior counselor, Dave Newcomb. He's in one of the other cabins now. One camper, Bob Goble insists upon being kicked when he gets into bed, and Ted Hill constantly rolls in bed when he gets in it.

### NEWS FROM CABIN 9

Friday night was the night of the track meet. Our cabin came in third. Billy Thomas tied for third place in the sack race and Tom Quilan came in first in the softball throw. We came in third in the swimming meet, too. Pat Fages was first in diving and Chip Hunter came in second in the 20 yard free style. So far, our cabin has come in first everytime but once in the daily inspection. We have never had a score lower than 18. Good work, boys.

\* \* \*

### CABIN 10

In sports, we are tops. Ed Vogeler broke the Mohawk underwater swim record and came in second in diving. We placed first in the softball throw, the six man relay, and the broad jump. It's different in behavior, since we do everything that we're not supposed to do. One day during rest hour, we had a raison war.

### CABIN 13 NEWS

In the track meet, we came in first in the six man relay and we also won the 100 yard dash. We placed first and second in the broad jump too. In the swimming meet, we came in first in the cracker relay, as our team broke the record. We also came in first and second in the treasure hunt. Good work, boys.

### NEWS FROM CABIN 15

Our cabin has played two baseball games. The first was a five hitter which we won 27 to 0. In the second game, the other team scored 2 runs in the first inning and we came back with two runs. We played a scoreless ballgame until the fifth inning when they got one run and we didn't score. The supper bell rang and we lost the game 3 to 2.

### NEWS FROM CABIN 14

We came in third place in the track meet. We also surprisingly won the watermelon scramble. Boy, are we going to have a feast on that.

\* \* \*

### CABIN 18

### CAMP CARNIVAL

The annual fourth period carnival came to a start at a little after six Saturday evening. This carnival had some of the most unusual booths, all of which were real tops in the eyes of the judges. Before the prize was awarded, the judge announced that they thought all the booths were equal, but in the end, cabin 10 came through as the winner. Nice going, cabin 10 !!

### TRACK MEET

Camp Meacham had one of the best track meets ever held. It was very well organized and very exciting. All cabins were well represented and did well. It will be many days before Meacham will shine as it did at this period's track meet.

### VISIT TO MEACHAM

Camp Meacham was honored by a visit from Oogli Moog, the Most High from Lower Siberia. His visit, of course, marked the initiation of the new campers and staff members of the fourth period. Oogli had many stunts that were carried out by several counselors that were assisting him. Everybody had lots and lots of fun.

### CAMPER'S SHOW

The big, happy family of Meacham had a very enjoyable evening last Thursday in the camper's show. Every cabin had an act, which were of every variety. Cabin 17 won with a rock and roll skit and cabin 5 was second, with cabin 1 coming in third.

# NEWS IN GENERAL CONTINUED

## THOSE WONDERFUL COUNSELORS

Counselors talk about campers having unusual characteristics, but they have no room to talk. Let's just look at some of the counselors and think what they will be remembered for.

"Lover-boy" Rich Heiser will be remembered for the magnificent dock that he built on the waterfront. Bill Whitaker, better known as "Whitaker Bill", takes the honors for having the best line that he gives to every good looking girl that comes around. Everytime we see a wrestling match, we'll think of Dave Bean, head of Archery, who tested his strength and skill out on many of the other counselors. This year's Aquatic staff will be remembered for many centuries. Under the leadership of Jack, "Mr. Red Cross" Munsee, who sometimes goes by the name of "Iron Lung", there have been no drownings except for the camper who was sucked into a six inch drain. The other counselors on the staff are Roy, "The only swimming mouse in Captivity" Smith; Bob, "Chief Stick in the Mud", Ell; Bill, "The Fat Man," Heiser; John "The Great Apache Chief" Godley and Milt "I like 'em young" Halloran. The closest of all groups here at Camp are the Cheyenne junior counselors - Mike Eanes, Dave Newcomb, Neal Tuggle, Joe Godsey, Bill VonEye, and Dick Agee. They stick together as if they were glued, and even go to the Egypt together. Unfortunately for them, the fourth period found their cunning leader, Dave Newcomb, excommunicated from the section and punished (?) by being sent to the Apache Section. Some people are really fortunate, especially if they have ivories like Fred Tower. None of us will forget some of the experiences that Del "Car Trouble" Milburn told us. Tom Mulling will be remembered for his ever smiling face. Rusty "Have Fist, Will Travel" Bloss will go down in the pages as an outstanding tennis player. John "Muscles" Moore, Paul "Bug Man" Varland, Chris "The Shadow" Maurer, Jim "Curly" McLaughlin, Mike "The Follower" Schwartz, Ralph "Perfectionist" Spaulding, Jack "The Lip" Lewis, and Jeff "Girl Trouble" Bedingfield are Mohawk Counselors. Sam "Mother's Pride and Joy" Holmes, Ron "Hot Rod" Bechtol, Bill "The Fat Man" Agee, Bob "Three H Leader" Heiser, Jeff "A Member of the Three H" Hanson, Burk "Will Win Inspection even if I have to do it myself" Tower, and Jim "Agee's left hand man" Zimpher are the Apache Counselors.
