Any of these pieces may be ordered with a bent arch header and finial by the addition of the letter H following the item number. The charge for this change is \$11.00.

HD after the item number indicates that this is a hand decorated piece of original design that is standard in our line. Our artist can do individualized hand painting on various other pieces in our line. However, prices must be obtained from the factory for this custom work.

G after the item number indicates that the piece is available with glass in the ends of the top section instead of wood.

All curios have lights and adjustable glass shelves with the exception of the #976 which is not lighted. Some of the pieces come standard with locks, some do not. Locks may be added on any piece that does not have the lock as standard for an additional charge of \$8.50 per lock.

All secretaries and desks have secret compartments suitable for holding small items and papers. Secretaries have locks on the drop lid and hutch section only.
