

The Lincoln-Grant Herald

"Aspire, Persevere, Indulge Not."

VOLUME 1.

JANUARY, 1913.

NUMBER 1

WILLIAM HENRY FOUSE, A. B.
Principal of the Lincoln-Grant School

William Henry Fouse was born in Westerville, Ohio and graduated from the public school in 1884. He took a seven year classical course in Otterbein University at Westerville, graduating in 1893 and received from the same university the A. B. degree.

The professor attended the Indiana State University three summers, Ohio State University one summer, and the Cincinnati University on Saturday, for three years. He has taught for

eleven years in Indiana, four years at Callipolis, O., and is now serving his fifth year in Covington.

It will be seen, that after so thorough a preparation, that our principal is fully qualified to lead any school of which he may be principal. The professor is kind, affable and unassuming and is striving to keep the school in the front rank.

Visitors are always welcome.

CURRENT EVENTS.

The State Federation of Colored Women's Clubs held their eighth annual meeting at Danville, Ky., November 29th. and 30th, 1912. A very interesting program had been arranged and the meeting far surpassed that of any previous year. Club work among our women has advanced rapidly in the past two years. The president, Mrs. L. B. Fouse has been untiring in her efforts to build up the work and which has been greatly benefited by the monthly meetings of the Executive Board, of which Mrs. Alice

Crutcher of Louisville, is chairman.

Mrs. Fouse was re-elected for the second term.

ooo

Mrs. Thomas, lecturer for Anti-tuberculosis league, delivered a very interesting and helpful address on Tuberculosis at the Lincoln-Grant School. Mrs. Thomas spoke very complimentary of the discipline, order and cleanliness of the pupils and building.

ooo

During the early winter the most

progressive citizens of Cincinnati launched an organization known as "The Forum" which meets each Sunday afternoon from 3:30 to 4:30. Some citizen, minister or educator presents a subject, which is afterwards discussed by the members pro and con.

The plan is meeting with great success. Prof. W. H. Fouse addressed the meeting last Sunday on the subject, "The Meaning of Childhood."

ooo

The Lincoln Grant School wishes to thank Principal Fouse for arranging a second series of Tuesday morning lectures. These lectures will be delivered this winter bi-weekly as were those of the first series. The 1912 series was a success in every respect, since it brought before the students some of the best citizens of Covington. This year's course opened with an address by Supt. H. O. Sluss on the subject, "Training that Counts." It was timely and full of practical suggestions.

Mrs. C. E. Phillips, Dr. I. Garland Penn, Rev. McGrudder and other prominent citizens will speak during the 1913 series.

History Of The School

The Elementary school for colored children, in this city, was organized in the early eighties. Prof. Samuel R. Singer, the first principal soon added the high school department with a three years course of study and under which course twenty nine pupils graduated. It was then known as the William Grant High School.

The present new building was erected in 1888 and graduated its first students, Miss Mary E. Allen and Mrs. Anna E. Hood, nee Price, in 1889. The building contains nine rooms and a fully equipped office. The laboratory and lunch rooms are located in the main building.

The enrollment in the past two years justified an addition, the Annex,

EDITORIALS.

"PUSH, If you can't push PULL.
If you can't PULL please get out of
the way."

There is a tide in the affairs of men
Which, taken at the flood, leads on to
fortune,
Omitted, all the voyage of their life
Is bound in shallows, and in misery,
On such a full sea are we now afloat;
And we must take the current when
it serves
Or lose our ventures.—Julius Caesar.

The Lincoln-Grant Herald will appear monthly in the interest of the school. The proceeds will go toward the support of the scholarship fund. We believe that this worthy cause, for which the Herald is launched, will find many ready supporters.

We enter the field not as a "knocker" or competitor; neither through envy or jealousy to any of our local newspapers, journals or bulletins. We realize that we are launching upon a most tempestuous sea where the storms of criticism may come severe and fast, but with the assistance of an efficient corps of associates and the support of the public we hope to stem the tempest and anchor safely into port waving the banner of Harmony and Peace, thus reflecting credit upon the Lincoln-Grant School and Alumni.

Our motto shall always be: "Aspire, Persevere, Indulge Not."

Emancipation

The fiftieth anniversary of our freedom was celebrated by the citizens of Ninth St. M. E. Church on Wednesday afternoon, the 1st inst. Considering the development of the race, the affair was altogether too quiet. The 10,000,000 Negroes in the United States have within their ranks men and women in all the different arts, sciences and industries.

Statistics have proven that the progress made by the race in so short a time has been phenomenal; still there is more for us to do. We of this day and generation must be up and doing. Keep our hand in God's hand and let Him guide us in the paths of righteousness and peace and into the avenues of success and happiness.

Our forefathers wrought better than they knew and we must always show our appreciation for their self-sacrificing efforts by respectful reverence and courtesy to the old battle-scarred veterans and the Woman's Relief Corps.

Let us live before God and man that lynchings will finally cease, race prejudice be abolished and the color line blotted out forever and may God grant that in the next half century the generations yet unborn may rise up en masse and proclaim in full reality that; "I, I too am an American Citizen."

Encourage the pupils by taking the Herald. Your boy or girl may win the scholarship next year.

Let us help the pupils of the Lincoln-Grant School acquire an education and thus make life a grand success.

History Of The School

[Continued from Page 1.]

fronting on Scott street and containing the manual training and sewing departments, also the seventh and eighth grades. Prof. Singer organized a movement by which the pupils purchased a cabinet grand piano and which is still serving its purpose. He also organized the High School Alumni, which has a membership of 81.

Prof. Frank L. Williams assumed charge of the school in 1900 and added one more year to the high school course of study; started the manual training, sewing and lunch room departments. He was succeeded by Prof. William H. Fouse in 1908 the present incumbent, who has greatly improved the school by adding domestic science with a model dining room, book-keeping, commercial law, and the bath room. He has also organized the Parents and Teachers' meeting, the scholarship, the high school orchestra and the Lincoln-Grant Herald. Through his efforts and the kindness of the Board of Education, a high-grade type writer and a neostyle have been added to the equipment of the school.

Department Of Manual Arts

The experimental stage of the value of the manual arts in education has passed and no school of recognition at present is without some form of this kind of education. The Lincoln-Grant School is unique in the way in which it manages its Domestic Science. Each girl from the sixth grade through the High School is required to take two lessons each week in this department. One of these is a VERY practical lesson; the other is more or less theoretical. The practical lesson consists in having each class prepare the Penny Lunch each week under the directions of the teacher, Miss Crutchfield. The class that prepares the Lunch also serves it at the noon hour; thus giving splendid opportunity to the girls to learn how to serve. This work is made to corrolate with the Commercial department by assigning in turn a pupil from the bookkeeping class, who is required to make a careful, accurate entry of every business transaction, and the monthly grade of this pupil will be affected by the manner in which this work is done. The commercial department in taking charge of the money, banks it every day and at the end of each week balances the books and pays off all debts by check. Miss Lillian L. Crutchfield, teacher, is highly qualified for this work, having taken several courses at Columbia University, N. Y.

• SEWING

The girls of the Senior class are

making commendable headway on the garments they expect to wear on commencement night. Miss G. B. Reed, the teacher of this department, has worked out a very practical course of study for sewing in all the grades.

Miss Reed has studied at Miami and the University of Cincinnati.

MANUAL TRAINING

There is a growing interest in manual training under Mr. S. R. Showes, who has so inspired his classes that two graduates of the school have decided to take higher courses in this line in other schools. Mr. C. R. Ricof Class '10, after finishing the course at Miami University is now teacher of manual training in the Winchester public schools.

COMMERCIAL CLASS

The class in Commercial Law and Bookkeeping with the seniors, have presented the school with a "Beck Duplicator." This is the latest improvement and the best thing that has appeared.

The Night School

The Night School, under Mr. and Mrs. Nathan Fleming is doing much good. The enrollment is 62

They are having a longer term now than ever before and these sincere men and women show their appreciation by their prompt attendance. Last Christmas they remembered their teachers Mr. and Mrs. Fleming, Miss Janie Smith and the principal, Prof. Fouse, each with a token of appreciation and love.

Parent-Teacher's Association

The Parent-Teachers' Association can boast but not vainly of having accomplished some real good since its organization four years ago. The meetings are held the first Friday of each month. The programs are lectures, discussions and heart-to-heart talks. The organization has been active in raising money for scholarship fund; Mrs. George Sander, president, Mrs. L. B. Fouse, secretary.

Roll Of Honor

"Labor is the genius that changes the world from ugliness to beauty and the great curse to a great blessing."

The students of the High School have done some very effective work

in their several branches of study during the past four months. It is hoped that this success shall serve as an encouragement for a continued growth and that we will be able to send forth young men and young women, who will by their own lives, help others to live better.

Roll of Honor based on Punctuality, Self Control and Scholarship:

OCTOBER

Ione Winchester	89.2
Mary Morgan	86.3
Moirselles Stewart	88.2
Julia Hatcher	89.2

NOVEMBER

Georgia Maddox	86.5
Mary Morgan	90.2
Eleanor Warren	90.2
DeWayne Davis	88.3
William Martin	93.3

DECEMBER

Alberta Fish	
Elnora Warren,	
DeWayne Davis,	
William Martin	

The following pupils of the High School deserve honorable mention for the high marks made during December:

Julia Spears, Julia Hatcher, Andrew Taylor, Moirselles Stewart, Leonard Conley, Clifford Hampton, Jewell Smith and Georgia Maddox.

The Honor Roll of the Elementary School is as follows:

Eighth Grade—Sigsbee Sheffey, William Ellis, Leonia Crosby, Anna Palm Fleming, Jessie McDonald, Gladys Smith, Mattie Spiller, John Hood, Catherine Williams, and Sarah Stewart.

Seventh Grade—Katie Lambkins, Marcella Carr, and Leslie James.

Sixth Grade—Catherine Fleming, Edith Estill, Leola Spruel, Joseph Bryant, Spencer Cummins and Ida Jones.

Fifth Grade—Carrie Hood, Jessie Johnson.

Fourth Grade—James Smith, Ousley Spiller, Lula Martin, Lucille Hathaway, Vidia Bedford, Sophia Cummins, Velma Young, Ruth Stevens, Rhoda Montgomery and Alfred Cummins.

Third Grade—Elizabeth Crosby, Ottis Correll and John Cornet.

Second Grade—Joseph Stowers, Jessie Hughs, Daisy Forma and Melvin Hardin.

First Grade—Raymond McDonald.

Faculty

The Lincoln-Grant School Faculty consists of the following teachers:

1st Grade	Mabel L. Whitney.
2nd "	Maggie E. Bell
3rd "	Lulu B. Smith
3rd {	" Emma B. Kaye
4th {	" "
4th "	Donald W. McLeod
5th "	Sallie P. Frazier
6th "	Tillie Young

Clubs

The Ladies' Union Club organized to assist the aged of the city—Mrs. L. B. Fouse, president.

The Children's Friend Club is a charity club to assist children with clothes—Mrs. R. A. Watkins, president.

To Prevent Consumption

1. Keep as healthy as possible, for the healthier your body, the harder for germs to grow therein.
2. Don't live or sleep in rooms where there is no fresh air.
3. Keep your rooms clean, but do not sweep with a dry broom.
4. Get plenty of sleep and have your windows open while sleeping.
5. Take a warm bath at least twice a week.
6. Don't spit around your homes nor on the floor any where, nor on the sidewalks.

How To Cure Consumption.

1. Don't use patent medicines but go to a good doctor or dispensary.
2. Don't sleep with any one or in the same room if possible.
3. Good food, fresh air, sunshine and rest are the best cures. Keep your windows open both day and night.

Personal

Dr. William D. Crum, Minister
Resident, and Consul-General at Mon-

rovia, Liberia, died recently at Charleston, S. C., from fever contracted in Africa.

FOUSE TO HEAD COLORED SCHOOLS

Is Chosen Principal of Russell School
and Supervisor of Colored Schools
at Special Session of School
Board

Prof. W. H. Fouse, principal of the Lincoln Grant Schools of Covington, Ky., was elected principal of Russell School of this city and designated as supervisor over all the colored schools of Lexington at the call meeting of the City Board of Education, held Tuesday evening for the purpose of filling several vacancies in the teaching force.

Prof. Fouse, who was chosen over a half dozen other candidates for the position comes highly recommended. When the examination for applicants was held in December Prof. Fouse passed a splendid test making an unusually high mark in all of the branches in which he was examined. In addition to being a scholarly man, he has had considerable experience with the schools of other cities making a fine record as principal at Covington. He will come to Lexington at once to assume his new duties—Lexington Leader.

Last Monday evening about 9:30 p. m. the Lincoln-Grant teachers went in a body to the home of Prof. W. H. Fouse to show their appreciation of him and their regrets at his leaving. After a very interesting program rendered, with response by the professor and his wife, they served the refreshments which they had taken with them. Prof. and Mrs. Fouse enjoyed this surprise very much.

Scholarship Fund has been started and three pupils have been benefited. The first was C. Arthur Rice, class 1910, who has completed the manual training and normal course at Miami University, is now manual training teacher in the public school, Winchester, Ky.

The second, Perry Thompson, student in the classical department Fisk University, Nashville, Tenn.

The third is George H. Givens, class 1912, student of veterinary surgery at Columbus, O.
