

Post Office Department,

OFFICE OF THE FIRST ASSISTANT P. M. GENERAL,

Appointment Division.

WASHINGTON, D. C., Oct 13, 1893

Sir: Before the Postmaster General decides upon the application for the establishment of a post office at Folsom, County of Grant, State of Kentucky, it will be necessary for you to carefully answer the subjoined questions, get a neighboring postmaster to certify to the correctness of the answers, and return the location paper to the Department, addressed to me. If the site selected for the proposed office should not be on any mail route now under contract, only a "Special Office" can be established there, to be supplied with mail from some convenient point on the nearest mail route by a special carrier (see section 733, Postal Laws and Regulations of 1837), for which service a sum equal to two-thirds of the amount of the salary of the postmaster at such office will be paid by the Department.

You should inform the contractor, or person performing service for him, of this application, and require him to execute the inclosed certificate as to the practicability of supplying the proposed office with mail, and return the same to the Department.

Very respectfully,

N. C. Marshall
E. G. R. Rathbone
 Fourth Asst Postmaster General.

To Mr. L. Charles Bradleycare of the Postmaster of Elliston, who will please forward to him.

DIAGRAM, EXPLANATION, AND INSTRUCTIONS.

The dot in the center of the 1-mile circle represents the site of your office.

The surrounding offices should be carefully located by placing dots on or between the mile circles at the exact distance, and in the right direction from your office, and their names plainly written.

If it should be necessary to designate an office which is over 10 miles from your site, place the dot outside of the 10-mile circle, write the name of such office, and state its distance from your site.

Draw distinctly the railways, roads, rivers, and creeks.
